July 17-3m. What I Know About Trimming Since the days of our grandmothers, there has never been such a rage for trimmings upon ladies' dresses and suits as this year; and the most popular is the so called French fold, made from bias, material, put upon the dress in a variety of styles. To trim dresses at the present day without the various Sewing Machine attachments would be an im-

posibility.

A young man in Chicago has just invented an improvement for all Sewing Machines, with which to put on the fold as fast and as easily as an ordinary hem can be made. The same implement is also a practical Binder and good Hemmer.

It is being made and sold by the Leslie Ruffler Company, and is a valuable addition to the Sewing Machine. It is called Koming's French Trimmer, and will be sold by all Sewing Machine Agents.—

Centaur Liniment.

There is no pain which the Centaur Liniment will not relieve, no swelling it will not subdue, and no lameness which it will not cure. This is strong language, but it is true. Where the parts are not gone, its effects are marvelous. It has produced more cures of rheumatism, neuralgia, lock-paw, palsy, sprains, swellings, caked-breasts; scalds, Persons from a distance enclose lock of hair, burns, salt-rheum, ear-ache, &c., upon the human mais in one year than have all other pretended remedies since the world began. It is a counter-irritant, an all-healing pain reliever. Cripples throw away their crutches, the lame walk, poisinous bites are rendered harmless and the wounded are healed without a sear. It is no humbug. The recipe is published around each bottle. It is selling as no article ever before sold, and it sells because it does just what it pretends to do. Those who now suffer how do these people employ their idle from rheumatism, pair or swelling deserve to suffer if they will not use Centaur Liniment. More than Jooo certificates of remarkable cures, includtumors. &c., have been received. We will send a circular containing certificates, the recipe, &c., bitter for Pat. to work on the railroad, gratis, to any one requesting it.
